NIC #03081-87

MEMORANDUM FOR: SEE DISTRIBUTION

FROM: Maj Gen Frank B. Horton III, USAF  
Chairman

SUBJECT: Draft NIC Production Plan, FY 88

1. A copy of the draft NIC Production Plan is attached for your review and comment. This edition includes a revised schedule of estimates developed after consultations with officers of the policy and intelligence communities. In particular, I understand that the NIOs have been in touch with offices throughout the DI to correlate our production schedules. I believe that our plan contains a balanced mix to meet the needs of senior decisionmakers over the coming year, in consideration of NIC and community resources and the need to allow room for fast-breaking additions to the list.

2. I would appreciate your comments by COB 14 August 1987, and will assume that you concur if I do not hear from your office by that time. Questions may be directed to individual NIOs regarding specific estimates in the schedule, or you may contact me to discuss the plan as a whole. I may be reached at
